

RECONDITIONED DEVICE

# OUR COMMITMENT

Each reconditioned device sold includes:

- > A complete overhaul
- > 15 checkpoints carried out by an experienced LPG® operator
- > Dismantling, internal and external cleaning of the device
- > Systematic replacement of worn or non-functional parts with new parts (all treatment heads and shoes, hoses, pump wear parts, filters)
- > A zero-defects programme
- > A 1-hour endurance test in the workshop
- > An e-learning course for the theory + 2 days of face-to-face practical training
- > A communication toolkit to get your business off the ground
- > Personal access to the Marketing Content Library
- > Internet referencing and privileged access to our Customer Service department
- > Financing options: leasing or financial rental
- > Parts and labour warranty for 1 year or for the duration of the rental period (see our special terms and conditions)
